Safe, Secure and Efficient

GSA is pleased to announce that we are accepting credit cards as a method of remitting your Industrial Funding Fee (IFF) payments. This safe and secure option allows you to pay online via the Internet and is available to all Schedule contractors for payments less than \$100,000 (new effective April 1, 2006).

Larger Payment?

No problem! Pay it via EFT.

Use your bank account to make an "Online Check" payment for any amount. Both methods use a secure Dept. of Treasury website, and none of your information is stored.

Don't waste time with paper checks when you can just charge it!

Benefits

Extend your buying power by 30 days

Get real-time processing

Take advantage of credit card rebate programs

Pay easier and quicker than with a check

Avoid lost or misallocated payments

Your payment is instantaneous and you have the security of knowing that your payment has been received.

How to Charge It

You already access the 72A Web site each quarter to report your sales. At the end of the reporting process, we have added the option for submitting your IFF payment with a credit card.

Online payments may be made at any time for any amount. (Credit Card payments must be less than \$100,000).

Simply choose "Make an Online Payment" from your contract menu or "Pay Online Now" after reporting sales.
