3. Transition Small Business Set-Aside (SBSA) SINs

GSA has identified an opportunity to reduce administrative burden, enhance vendor capabilities, and minimize compliance risks by transitioning Small Business Set-Aside (SBSA) SINs under the MAS Solicitation.

Currently, the structure of SBSA SINs requires contractors to manage multiple MAS contracts, which increases administrative complexity, limits their ability to offer total solutions under a single contract, and introduces significant compliance risks, particularly concerning the Buy American Act (BAA). This approach disproportionately impacts small businesses, especially since the SBSA SINs are no longer essential for setting aside opportunities under the MAS program.

To streamline processes, GSA plans to:

- a. Transition SBSA SINs to a non-SBSA equivalent SIN
- b. Encourage the use of order-level set asides

During the transition, contractors can continue operating under the existing structure, and GSA will engage with affected contractors to transition offerings.

52.240-1 PROHIBITION ON UNMANNED AIRCRAFT SYSTEMS MANUFACTURED OR ASSEMBLED BY AMERICAN SECURITY DRONE ACT-COVERED FOREIGN ENTITIES (NOV 2024)

(a) Definitions. As used in this clause—

American Security Drone Act-covered foreign entity means an entity included on a list developed and maintained by the Federal Acquisition Security Council (FASC) and published in the System for Award Management (SAM) at <https://www.sam.gov> (section 1822 of the National Defense Authorization Act for Fiscal Year 2024, Pub. L. 118-31, 41 U.S.C. 3901 note prec.).

FASC-prohibited unmanned aircraft system means an unmanned aircraft system manufactured or assembled by an American Security Drone Act-covered foreign entity.

Unmanned aircraft means an aircraft that is operated without the possibility of direct human intervention from within or on the aircraft (49 U.S.C. 44801(11)).

Unmanned aircraft system means an unmanned aircraft and associated elements (including communication links and the components that control the unmanned aircraft) that are required for the operator to operate safely and efficiently in the national airspace system (49 U.S.C. 44801(12)).

(b) Prohibition. The Contractor is prohibited from—

(1) Delivering any FASC-prohibited unmanned aircraft system, which includes unmanned aircraft (i.e., drones) and associated elements (sections 1823 and 1826 of Pub. L. 118-31, 41 U.S.C. 3901 note prec.);

(2) On or after December 22, 2025, operating a FASC-prohibited unmanned aircraft system in the performance of the contract (section 1824 of Pub. L. 118-31, 41 U.S.C. 3901 note prec.); and

(3) On or after December 22, 2025, using Federal funds for the procurement or operation of a FASC prohibited unmanned aircraft system (section 1825 of Pub. L. 118-31, 41 U.S.C. 3901 note prec.).

(c) *Procedures.* The Contractor shall search SAM at <https://www.sam.gov> for the FASC-maintained list of American Security Drone Act-covered foreign entities prior to proposing, or using in performance of the contract, any unmanned aircraft system. Additionally, the Contractor shall ensure any effort or expenditure associated with a FASC-prohibited unmanned aircraft system is consistent with a corresponding exemption, exception, or waiver determination expressly stated in the contract.

(d) Exemptions, exceptions, and waivers.
