Significant Changes For the GSA Multiple Award Schedule (MAS) Solicitation

DISCLAIMER: GSA FAS is posting this notification of a planned solicitation refresh or mass modification as a courtesy to industry. All comments on the attached DRAFT document must be submitted in the "Comments" section below within ten (10) business days of this posting. Comments provided elsewhere or after 10 business days will not be considered. GSA FAS will consider all relevant comments and make changes to the DRAFT as appropriate, but will not issue a formal response to industry comments or related inquiries. Interested parties should thoroughly review the final version of the solicitation refresh or mass modification for changes made to this DRAFT.

GSA anticipates that MAS Refresh #34 will occur in November 2026.

Summary of Planned Changes Below is a high-level description of significant changes to be included in the upcoming MAS refresh and mass modification. Be sure to review the final solicitation refresh and mass modification for full details.

A: Changes to Overall MAS Solicitation:

1. Updates to the SCP-FSS-001 Instructions Applicable to All Offerors are being made. Various revisions to incorporate GSAM/R 538 changes described below.

    a. Revisions to incorporate GSAR Overhaul Wave 4 updates, including GSAR 538 and GSAR 539 changes described below.

    b. Revisions to incorporate GSA Class Deviation CD-2026-04 regarding FSS Domestic End Product Certification as described below.

    c. Revisions to implement an OMB Memo on Covered Nitrile Gloves as described below.

2. GSA Acquisition Regulation (GSAR) Overhaul Wave 4 (Final) Updates. Summary of changes. Learn more at GSA.gov.

    a. **GSAR Part 538 *Federal Supply Schedule Program*:** Modernizing through "evergreen contracting" and regulatory updates to improve operational agility. Key modernization efforts include:

i. Removal of the 20 year limitation on contract duration (see 552.238-116).

ii. Deletion of 41 GSAR provisions/clauses, removal of eight (8) FAS FSS clauses, and addition of five (5) new GSAR clauses (see 552.238-190 to -194). Reflecting consolidation of existing GSAR clauses, and seamless integration of FSS homegrown clauses.

iii. Remaining GSAR clauses include:

1. Alternate I of 552.516-90, Economic Price Adjustment (previously 552.238-120 Economic Price Adjustment—Federal Supply Schedule Contracts).
2. 552.238-77, Pricing and Catalog Data.
3. 552.238-79, Cancellation.
4. 552.238-80, Transactional Data and Contract Fee Requirements.
5. 552.238-82, Contractor Initiated Modifications.
6. 552.238-83, Examination of Records by GSA (Federal Supply Schedules).
7. 552.238-112, Definitions—Federal Supply Schedule Contracts.
8. 552.238-113, Authorities Supporting Use of Federal Supply Schedule Contracts.
9. 552.238-114 Use of Federal Supply Schedule Contracts by Eligible Non-Federal Entities.
10. 552.238-115, Order-Level Materials Requirements.
11. 552.238-116, Option to Extend the Term of the FSS Contract.
12. 552.238-117, Failure to Provide Accurate Information—Price Adjustment.
13. 552.238-190, Federal Supply Schedule Contractor Team Arrangements.
14. 552.238-191, Federal Supply Schedule Contract Requirements.
15. 552.238-192, Federal Supply Schedule Order-level Requirements.
16. 552.238-193, Product Offering and Sales Requirements.
17. 552.238-194, Sales Criteria.

Note: This wave did not make any revisions to FSS ordering procedures located in GSAR subpart 538.71. These revisions were incorporated through MAS Refresh 30 and are currently being processed via rulemaking.

b. **GSAR Part 539 *Acquisition of Information and Communication Technology*:** Creating a new AI-related clause for use in GSA contracts, including Schedules, to protect Government Data and to mitigate other risks presented by LLM systems. Key updates include:
   i. Addition of new GSAR clause (see 552.239-7001).

For general information about the RFO and related resources, visit the RFO page on Acquisition.gov.

3. FSS Domestic End Product Certification (GSA CD-2026-04). Summary of changes. Learn more at GSA.gov.

   a. **New GSAR Clause 552.238-130 *Federal Supply Schedule (FSS) Domestic End Product Certificate***. Offerors and contractors on the Federal Supply Schedule contract vehicle are permitted, but **not** required, to certify that listed products are FSS domestic end products as defined in the clause at GSAR 552.238-130:

…….

552.238-130 Federal Supply Schedule (FSS) Domestic End Product Certificate. (Sep 2026)

(a) Definitions. As used in this clause:

"FSS domestic end product" means a product that meets all of the following conditions:

(i) the product is offered for sale on the offeror's or contractor's (as applicable) General Services Administration Federal Supply Schedule contract;

(ii) the product is manufactured in the United States; and

(iii) if the product does not consist wholly or predominantly of iron or steel or both, the cost of components of the product that are mined, produced, or manufactured in the United States, exceeds 75 percent of all the costs of components for the product, or

(iv) if the product does consist wholly or predominantly of iron or steel, then the cost of foreign iron or steel (which includes but is not limited to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or

sheet), castings, or forgings utilized in the manufacture of the iron or steel) is less than 5 percent of the total cost of all the components of the product.

"Cost of components means"

(1) For components purchased by the offer or contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the offeror or contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the end product.

(b) Offerors and contractors are allowed, but not required, to certify that products listed in paragraph (c) are FSS domestic end products.

(c) The offeror (or contractor as applicable) hereby certifies that the below are FSS domestic end products:

Product Name	*Manufacturer Part Number*	*Manufacturer Name*
_____	_____	_____
_____	_____	_____
_____	_____	_____

[Offeror/contractor to insert rows as needed]

(d) The certification in paragraph (c) of this clause is a material representation of fact to the Government. If it is later determined that the offeror or contractor knowingly rendered an erroneous certification, the Government may pursue any available remedies, including those under the False Claims Act (31 U.S.C. 3729, et. seq.) or the Administrative False Claims Act (31 U.S.C. §§ 3801–3812).

(e) A dealer, distributor, or other reseller, acting in good faith, may rely upon information provided by an original equipment manufacturer when making any certifications herein. Additionally, it may rely upon commercially reasonable best efforts to identify and utilize generally available data when making any certifications herein.

(f) An original equipment manufacturer may rely upon commercially reasonable due diligence best efforts when making any certifications herein.

…….

Note: GSA is seeking clearance from OMB for information collections related to GSAR 552.238-130. Until clearance is received, contractors and offers may offer this certification, but GSA will not enforce compliance with clause requirements and or share the information received.

4. Covered Nitrile Gloves Updates.
    a. Consistent with an OMB August 31, 2026 memorandum, GSA intends to move toward removing items from MAS contracts that fall within the scope of DHS's Best-in-Class PPE Safety Stock contract for domestically manufactured nitrile gloves. This supports consolidation of federal demand and a stronger domestic PPE supply chain.
    b. Current offerings include powder-free, medical-grade nitrile gloves in 4 mil and 5 mil blue varieties and a 6 mil black variety. GSA intends to engage directly with affected contractors to validate which items fall within scope and consider contractor feedback before proceeding with removal.

B: Changes to Specific Large Category, Subcategory or SIN:

1. Facilities (B)
    a. Facilities Maintenance and Repair Subcategory (B01)
        i. Facilities Maintenance and Repair Subcategory (B01)
            1. **SIN 561210FAC Facilities Support Services:** Removing the subgroup and revising SIN Notes to eliminate HVAC maintenance services as a standalone offering.
                a. **SIN Instructions/Note Update:**

……

Note *– GSA will not award MAS contracts to offerors only offering service types, such as janitorial, plumbing, electrical, or HVAC maintenance, which can effectively be performed by contractors who provide Complete Facilities Maintenance. The only standalone services allowable under SIN 561210FAC will be for offerors performing HVAC services (technical response must show experience in Boilers, Chillers, Refrigeration, etc.), Maintenance of Fire Alarm Systems and Maintenance of Fire Suppression Systems; and/or Elevator/Escalator Inspection Service and Elevator/Escalator Maintenance Service.*

……

    b. **SIN subgroup removal:** HVAC Maintenance: Boilers, Chillers, Refrigeration, etc.

2. Information Technology (F)
    a. IT Services (F05)

i. **SIN 54151HACS Highly Adaptive Cybersecurity Services (HACS):** Phasing out the voluntary Incident Response subgroup at the end of Fiscal Year 2027.
    1. Contractors currently under this subgroup who do not hold the Incident Handling and Event Management (IHEM) subgroup may evaluate their eligibility and request placement in the IHEM subgroup, which incorporates Incident Response capabilities.
